## **IFMA-CT virtual event with Hoffmann Architects.**

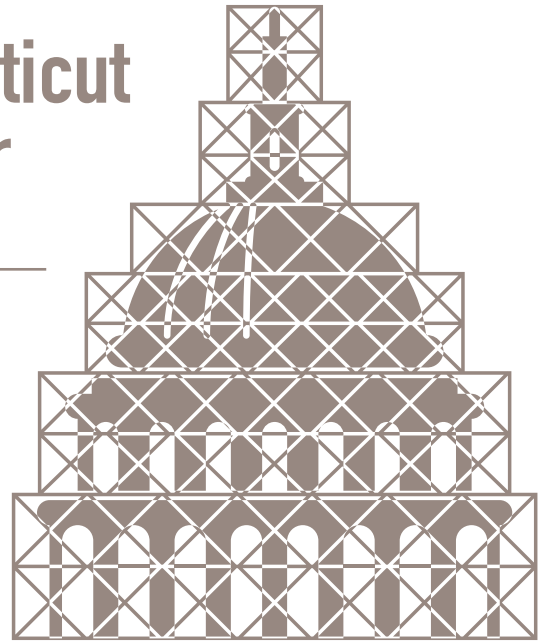

January 14, 2021 - 7 to 8PM

Register at: [ifma-ct.org](http://ifma-ct.org)

Hoffmann Architects worked on the 2013 - 2016 restoration project of the United States Capitol building - the meeting place of the United States Congress and the seat of the legislative branch of the U.S. federal government in Washington, D.C.

The discussion will focus on performing the project in an occupied facility. They will cover some of the planning and logistical considerations for restoration of the US Capitol Dome, while keeping the building open for operations.
